Music

Looking for Music? Walkenhorst's offers over 250,000+ standard CDs and millions of songs available for custom mix CDs or preloaded music devices. To order a free Walkenhorst's Music catalog, just include **item# 17021-501** on your next order or call, email, or write to let us know you would like a music catalog.

Create your own custom CD, or preload music on your MP3 player. Pick just a few of your favorites or make the ultimate mix. If you previously purchased a preloaded device from Walkenhorst's, you can also return your device to Walkenhorst's to add additional content. Our music catalog still contains a large selection of standard CD's, so you can continue to buy albums from all your favorite artists; however, now you can purchase all of your favorite songs without purchasing the whole CD!

We suggest that you provide alternate songs in case we are unable to send a requested song. If you select a song that is not available or not allowed, we will substitute it with your alternate selection. If you would NOT like a custom CD to be shipped without all of the songs you ordered, check the box that indicates this on your custom CD order form.

Each custom CD can hold up to **78 minutes** of your favorite songs. If your selected songs exceed the maximum CD length of 78 minutes, your last song selections will not be added to the CD and you will be issued a refund for the removed songs.

Please check your facility's guidelines regarding music content. If you select a song that contains explicit lyrics and it is not allowed at your facility, a refund will not be issued for the custom music order once it has been created. If your facility does not allow explicit lyrics, but you are unsure if a song contains them, please include alternate song selections on your order form.

Since a custom music order will be created uniquely for you, all custom music sales are final (unless defective). If a non-defective custom CD or preloaded device is returned to us, please inform us within 30 days where you would like the custom CD/preloaded device to be sent. If we are not informed within 30 days, your CD/preloaded device will be recycled. The charge to ship a CD/preloaded device to a new location is $6.99.

We strive to make sure that all our CDs are created correctly; however, if you receive a nonfunctioning CD or a CD that contains a song that is not playing properly, please give the customized CD to a property officer to contact us. Once we have confirmed that you received a defective CD, we will replace your entire CD. If the CD is returned to us and we are unable to verify the defect, the CD can be reshipped to you for a shipping and handling charge of $6.99. No refunds will be provided if an incorrect song is selected because of incomplete information.
