Custom Music

Create your own custom Mix! Pick just a few of your favorites or make the best mix in the world. Our music catalog still contains a large selection of standard CD's, so you can continue to buy albums from all your favorite artists; however, now you can purchase all of your favorite songs without purchasing the whole CD!

We suggest that you provide alternate songs in case we are unable to send a requested song. If you select a song that is not available or not allowed, we will substitute it with your alternate selection. If you would NOT like a custom mix to be shipped without all of the songs you ordered, check the box that indicates this on your custom mix order form.

For custom CDs, you can pick up to **78 minutes** of your favorite songs. If your selected songs exceed the maximum CD length of 78 minutes, your last song selections will not be added to the CD and you will be issued a refund for the removed songs.

Please check your facility's guidelines regarding music content. If you select a song that contains explicit lyrics and it is not allowed at your facility, a refund will not be issued for the mix once it has been created. If your facility does not allow explicit lyrics, but you are unsure if a song contains them, please include alternate song selections on your order form.

Since a custom mix will be created uniquely for you, all custom music sales are final (unless defective). If a non-defective item is returned to us, please inform us within 30 days where you would like the mix to be sent. If we are not informed within 30 days, your return will be recycled. The charge to ship your return to a new location is $6.99.

We strive to make sure that all our custom mixes are created correctly; however, if you receive a nonfunctioning custom mix that contains a song that is not playing properly, please give it to a property officer to contact us. Once we have confirmed that you received a defective item, we will replace your entire custom mix. If the mix is returned to us and we are unable to verify the defect, it can be reshipped to you for a shipping and handling charge of $6.99. No refunds will be provided if an incorrect song is selected because of incomplete information.
